THE SECOND NEWSLETTER OF THE BCT4SMEs PROJECT

---

FEBRUARY, 2022

**Welcome** to the second newsletter of the BCT4SMEs project. Its aim is to give you an overview of what we have done so far in the project and to present you our results.

In this edition of the newsletter, we want to introduce you to the action cards we have already created for you.

## TOPICS OF ACTION CARDS

---

Cryptocurrencies

Storage Solutions

Payments & Transactions

Trading

Security and Privacy

## What else will you find in the modules?

The **Action Cards** will be supported by information infographics and knowledge tests prepared by the partners, which will help to personalise the course and the subsequent certification. The test consists of a self-assessment to evaluate the needs of learners and quizzes to assess their knowledge.

## What next?

The next step will be to create an **online platform** where the above-mentioned materials will be available and can be tested by the project's target group.

We will keep you updated on the progress of the work in our social media.
